Children and youth reflections about working with F4K this summer

The Food 4Kids program is a way for people to come into a welcoming atmosphere and help other people. I came to F4K this summer because I always feel welcome and I know that Ruth Campbell "the person behind the curtain" will keep everything running smoothly. But the main reason is because when I am working "on the line" or completing other tasks I feel closer to God. During the summer, at F4K, I have come to know new people, old and young and everyone enjoys what they are doing. I think CHS does this type of program because everyone here loves to help other people. An older woman used to come and just sit at the very beginning of the line and open bags and talk to people. I saw God in this because every single day I saw her come in and do same thing over and over again, very diligently, in spite of illness and pain, to help needy kids have a healthy lunch. I had a lot of fun these past years and plentiful learning experiences. I can't wait to come back next year. Cassie Rawstron -11y. (a F4K worker)

A thank you card from a small child, who received F4K breakfasts and lunches all summer at Camp at the Harwich Monomoy Learning Program.

Thank You
